Prix:	1 250.00 \$US
Personne de référence de l'événement:	thaniya@ait.ac.th
Partenariat:	CIFAL Bangkok - AIT - Asian Institute of Technology

ARRIÈRE PLAN

This blended program is designed to deepen participants' understanding of MEL principles and their applications in development and education sectors. The 3-day workshop will focus on MEL concepts, tools such as Theory of Change and Logical Framework, and techniques for improving reporting and decision-making. The intent of this international training for professional development will act as a

conduit for participants to ascertain a comprehensive understanding of applicable industry knowledge and practices relevant to robust cultures distinct to individual countries.

OBJECTIFS DE L'ÉVÉNEMENT

The objectives of this training course are to actively contribute to the achievement of Sustainable Development Goals 3, 5, 11, 16, and 17. It directly contributes to Target 3.6 to “halve the number of global deaths and injuries from road traffic accidents” and Target 11.5 “significantly reduce the number of deaths and people affected by disasters”. Meanwhile, it also aims to significantly reduce mortality rates resulting from violence, including casualties from international homicide and conflict-related incidents per 100,000 individuals categorized by sex and age groups, as well as the population exposed to physical and psychological violence, aligning with the targets outlined in SDG 16.1.1, 16.1.2, and 16.1.3. By fostering increased security awareness and subsequently effective risk management, Stay Safe Training “Monitoring, Evaluation & Learning” will contribute to a more serene world.

OBJECTIFS D'APPRENTISSAGE

At the end of this training, participants will be able to:

- Understand the core principles and practices of Monitoring, Evaluation, and Learning (MEL)
- Apply essential MEL tools including Theory of Change (ToC), Logical Framework (LogFrame), and SMART-E indicators
- Use MEL approaches to strengthen project planning, performance monitoring, and impact reporting
- Incorporate impact evaluation methods for data-driven decision-making
- Communicate MEL insights effectively to stakeholders through dashboards, storytelling, and action learning

CONTENU ET STRUCTURE

The training program lasts three days, with six hours of face-to-face courses each day. The program is composed of comprehensive modules designed to equip participants with crucial skills and knowledge necessary for effectively coping with crisis situations.

Module 1: Foundations of Monitoring and Evaluation

Module 2: Tools for Effective MEL and Impact Evaluation

Module 3: MEL for Communication, Learning, and Decision-Making

MÉTHODOLOGIE

- Interactive lectures and hands-on group exercises
- MEL toolkits and templates: LogFrame, ToC maps, Indicator Tracker
- Visual thinking, storytelling, and dashboard development

AUDIENCE VISÉE

The course is designed for leaders of businesses, corporate affiliates, government, academic as well as UN personnel.
