ARRIÈRE PLAN

“The 2030 Agenda for Sustainable Development, adopted by all United Nations Member States in 2015, provides a shared blueprint for peace and prosperity for people and the planet, now and into the future. The 17 Sustainable Development Goals (SDGs) are at its heart, an urgent call for action by all developed and developing countries in a global partnership. They recognize that ending poverty and other deprivations must go hand-in-hand with strategies that improve health

and education, reduce inequality, and spur economic growth – all while tackling climate change and working to preserve our oceans and forests.” A way to bring the SDGs closer to society and to raise awareness is with the younger population, children. This way CIFAL Málaga carries out workshops with kids to teach them about the Goals for 2030.
