ARRIÈRE PLAN

Under the leadership of the Department of Nutrition for Health and Development (NHD), the World Health Organization (WHO) has developed a comprehensive nutrition strategy, Ambition and Action in Nutrition 2016-2025, to focus efforts in meeting the priorities set forth by the UN General Assembly, the World Health Assembly, the Second International Conference on Nutrition (ICN2) and the

Sustainable Development Goals (SDGs). The strategy provides a focused direction that will allow WHO to efficiently, effectively and successfully meet the targets set forth in this UN Decade of Action on Nutrition (2016-2025).

On the basis of this strategy, WHO, in partnership with the United Nations Institute for Training and Research (UNITAR), developed the 3-hour e-learning course ***Ambition and Action in Nutrition 2016-2025***.

OBJECTIFS D'APPRENTISSAGE

By the end of this course, participants will be able to:

- Identify the principles, context and essentials of WHO's "Ambition and Action in Nutrition 2016-2025" strategic plan.
- Understand how WHO and its partners align and support each other in meeting nutrition goals.
- Recognize WHO's added value in the global nutrition landscape.
- Translate WHO's nutrition strategy into global, regional, and country-specific nutrition actions.
