

CIFAL Honolulu - SDG Analytics in R

People

Deadline: 8 Jan 2025

Type:	Course
Location:	Web-based
Date:	10 Jan 2025 to 21 Feb 2025
Duration:	42 Days
Programme Area:	Decentralize Cooperation Programme
Website:	https://nsf-all-spice-alliance.github.io/SDG-Analytics-in-R/
Price:	\$1,500.00
Event Focal Point Email:	connor.flynn@chaminade.edu
Partnership:	CIFAL Honolulu, Chaminade University of Honolulu, NSF All-SPICE Alliance

BACKGROUND

No coding experience or background knowledge of the SDG's required

EVENT OBJECTIVES

Understanding of the SDG's, a new data science skillset, a data science portfolio

LEARNING OBJECTIVES

Understanding of the SDG's, a new data science skillset, a data science portfolio

CONTENT AND STRUCTURE

Asynchronous pre-recorded videos, weekly due dates for code submitted to Github Classroom, Final Project

METHODOLOGY

The intent of the content is to give a friendly, guided, engaging introduction to coding in R through the lens of SDG data. The short time period allows participants to get a feel for the coding language and content which will hopefully inspire them to pursue data science further

TARGETED AUDIENCE

Students, professionals, and enthusiasts
