### BACKGROUND

ةرودلل ىنورلكلإل اعقوملا ىلع ةرشابم لىجستلا [ىجری](http://unccelearn.org): <http://unccelearn.org>

### LEARNING OBJECTIVES

The course will enable you to:

- Describe the importance of climate information in adaptation planning and decision-making
- Identify technical resources for assessing climate risks
- Explore the role of National Hydro-meteorological Services in the NAP process
- Discuss how priority climate actions can be enhanced by climate scientific information
- Identify climate products and services that support NAPs
- Discuss how to promote effective partnerships between climate information producers and users
