Congress is a 3-day program of meetings, debates and seminars with guests from Poland and abroad. The idea is to connect European investors and stake-holders from all levels of government, encourage the value of community and cooperation, as well as to establish the directions of Europe's social and economic progress.

Europe and Ukraine, climate and energy, digitization and industry: the Congress program focuses on the key trends and tendencies that change the economy, shaping its prospects in a changing geopolitical and macroeconomic environment. The inaugural session was devoted to the issue of European economy in the changing world

Over 170 themed sessions, 1000 speakers and record attendances, including over 750 media representatives; three days of the largest debate of its kind in Central Europe, speakers from all over the world and parallel events, space for dialogue and business interworking.

Meetings, case studies, discussion panels, seminars

European entrepreneurs, experts, central and local governments representatives.
